

## HARDWARE SERIES SVX2

The SVX2 advance motor technology creates a vacuum with more power and longer motor life. These vacuums have a 50% increase in air watts; when compared to a Shop-Vac® brand vacuum not containing the SVX2 motor technology.

### TANK DRAIN:

Not standard on all models.

### EXTRA LARGE HOSE HOLDER:

Wrap your hose conveniently and easily around the motor housing when you're not using your vacuum. The hose holder keeps the hose in place for convenient storage.

### REAR BLOWER PORT:

Just remove the tethered cap and attach the vacuum hose to the rear blower port and you've got yourself a powerful blower. Blow away sawdust from stationary tools or leaves and lawn debris from sidewalks or patios.

**LOCK-ON HOSE®:** For eliminating unwanted hose disconnections.

**ACCESSORY STORAGE:** Keeps your tools organized and always on-hand. Accessory storage varies per model.
